DISCLAIMER

The views expressed in this publication are those of the author and do not necessarily reflect the views of the Secretariat of the United Nations Industrial Development Organization. The description and classification of countries and territories used, and the arrangements of the material, do not imply the expression of any opinion whatsoever on the part of the Secretariat concerning the delimitation of its frontiers or boundaries, or regarding its economic system or degree of development. Designations such as "developed", "industrialized" and "developing" are intended for statistical convenience and do not necessarily express a judgement about the state reached by a particular country or area in the development process. Mention of firm names and commercial products does not imply the endorsement of the United Nations Industrial Development Organization.
