
ACKNOWLEDGEMENTS

The following deserve my thanks: David Harris, Hilaire McCoubrey, Alan Rycroft, Ronald Louw, Stephen Girvin, Richard Burchill, Howard Varney and Donald Schnell. Without their support, this study would neither have been undertaken nor continued. Without the support of my wife Wendy, it would not have been completed. My thanks also to the staff at Kluwer Law International.

The financial assistance of the National Research Foundation, South Africa, is also acknowledged. However, the opinions expressed and conclusions arrived at are those of the author alone.
