

List of plates, figures, maps and tables

Plates

1	Lowland rainforest on the Tomori Bay (eastern Central Sulawesi), as sketched by a Dutch sea captain in 1850	17
2	Minahasan (Bantik) farmer in working dress with bark-cloth tunic, circa 1890	18
3	Toraja (Pamona) woman in formal dress, with imported heirloom sarong and bark-cloth jacket, circa 1920	22
4	Pagan uplanders ('Alfurs') of eastern Central Sulawesi, with elevated pile-dwellings in background, as sketched in 1850	25
5	Swidden burn in Talaud, 1979	52
6	Hillside swiddens in Talaud, 1979	55
7	Wet ricefields in Kulawi, with swidden-fallow vegetation on adjacent slopes, circa 1913	56
8	Water buffalo driven through wet ricefields to turn the soil, western Central Sulawesi, circa 1913	57
9	Extraction of palm pith for sago manufacture, Talaud, 1979	61
10	Nineteenth-century model of a <i>kora-kora</i> vessel from Talaud	89
11	Toraja village (Buyu mBajau, To Pebato area) in defensive hilltop site, circa 1905	102
12	Swidden houses in the upper Bongka Valley (To Wana area), circa 1975	103
13	New model village, Central Sulawesi, circa 1920	229
14	<i>Raja</i> of Banggai, blind and with skin disease, 1678	282
15	Funeral feast in the Poso area with animals awaiting slaughter, circa 1918	348
16	Men (dibbling) and women (sowing) plant rice on a newly cleared and burned swidden complex, Central Sulawesi, 1912	420
17	Tondano town from the lake, 1679	425
18	Public market in Tomohon (Minahasa), 1945	451
19	Rattan being dried for export, Gorontalo, circa 1930	458
20	A colonial survey expedition crossing the Pada grassland, 1910	479
21	The Bada Valley, circa 1912	481
22	The Palu Valley with the deforested western range in the background, 1910	483
23	The Palu Valley, showing cultivated fields on the lower part of the valley floor and grasslands on the adjacent porous sediments, 1944	485

24	Deforested landscapes around the Bay of Palu (Kaili), as seen from a VOC ship in 1669	488
25	Part of the central plateau of Minahasa to the west of Lake Tondano, with grassland much in evidence, 1920	497
26	Siau in 1677, showing coconut stands	511
27	A taro swidden on Talaud, 1979	516
28	Swidden landscapes, I: Sonder (Minahasa), 1824	522
29	Swidden landscapes, II: the Gorontalo trench, circa 1880	522
30	Swidden landscapes, III: northeast coast of Minahasa, 1944	523
31	Permanent and short-fallow unirrigated fields near Tomohon (Minahasa), 1944	524
32	Artist's view of Lake Tondano with deer and meadow in the foreground, circa 1870	536
33	Part of southeastern Minahasa between Belang and Ratahan, showing continuous coconut plantations near the coast and grassy hills inland, 1944	549
34	Unforested, steeply-incised stream valley on the western flank of the Palu Trench, circa 1913	558
35	Burning lignite outcrop near Tomata on the Pada grassland, 1910	564
36	Sustainable land use, 1945: wet ricefields (with ox-drawn plough) and coconut groves in Minahasa	569
37	Unsustainable land use, 1945: deforested, eroded limestone hills between Gorontalo town and the Gulf of Tomini coast	571
38	Women transplanting rice seedings on an irrigated field, Minahasa, 1945	590

Figures

1	Average monthly rainfall at selected locations in northern Sulawesi	15
2	Copra exports and rice imports, residency of Manado, 1875-1938	84
3	Monthly rainfall distribution and variability in Tomohon (Minahasa), 1895-1907	329
4	Food production and mortality in Minahasa, 1854-1872	335
5	Staple food production in Minahasa, 1854-1872	336
6	Growth curves for infants on Greater Sangir and elsewhere, ca 1948	346
7	Minahasa: imports by value, 1840-1900	355
8	Recorded crude birth and death rates, Minahasa, 1849-1872	365
9	Female fertility and the labour burden of compulsory coffee cultivation in some Minahasan districts, 1874	387
10	Child mortality and the labour burden of compulsory coffee cultivation in some Minahasan districts, 1874	391
11	Household size and the labour burden of compulsory coffee cultivation in some Minahasan districts, 1874	394
12	Female fertility and income from compulsory coffee cultivation in some Minahasan districts, 1873-1874	395
13	Compulsory coffee cultivation in Minahasa, 1834-1892	396
14	Population density and island size, 1930	413
15	Population growth in Minahasa, 1860-1930	447
16	Annual rainfall at Masarang (Minahasa), 1882-1933	582

Maps

1	Northern Sulawesi: geographical	10-11
	Northern Sulawesi: soils	12
3	Northern Sulawesi: rainfall	14
4	Northern Sulawesi: aspects of political geography, 1750-1880	32
5	To Pamona (in Poso and Mori): ethnic subgroups	36
6	Minahasa: geographical	38
7	Minahasa: linguistic and administrative divisions	40
8	Northern Sulawesi: aspects of economic geography, circa 1850	54
9	Northern Sulawesi: subregions for demographic analysis	124
10	Minahasa: population distribution, circa 1940	182
11	Bolaang Mongondow: population distribution, circa 1940	194
12	The Limboto Depression ('Sketch map of the districts around Gorontalo town'), circa 1890	209
13	Western Central Sulawesi: population distribution, circa 1920	223
14	Northern Sulawesi: vegetation cover according to G.G.G.J. van Steenis in 1932	471
15	Northern Sulawesi: vegetation cover according to G.G.G.J. van Steenis in 1958	472
16	Northern Sulawesi: vegetation cover, circa 1985	473
17	'Sketch map of the eastern part of Central Sulawesi travelled through by Dr N. Adriani and Albert C. Kruyt', 1899	478
18	Minahasa: vegetation cover in 1895 according to S.H. Koorders	496
19	Minahasa: vegetation cover according to a military reconnaissance study, 1944	498

Tables

1	Recorded gold exports, Gorontalo, 1737-1848	98
2	Class composition of the Gorontalo population according to Dutch sources, 1820-1860	108
3	Implied size of some conventional units of demographic measurement, 1695-1908	120
4	Population data, Tagulandang, 1669-1930	128
5	Population data, Siau, 1564-1930	135
6	Population data, Greater Sangir, 1591-1930	146
7	Population data, Talaud, 1656-1930	156
8	Population data, Minahasa, 1568-1930	167
9	Population data, Bolaang Mongondow, 1563-1930	185
10	Population data, Gorontalo, 1591-1930	198
11	Population data, Buol and Tolitoli, 1591-1930	214
12	Population data, Tomini, 1591-1930	219
13	Population data, Poso, Tojo and Lore, 1863-1930	224
14	Population data, Banggai, 1679-1930	236
15	Population data, Luwuk Peninsula, 1705-1930	240
16	Population data, Tobungku, 1678-1930	244
17	Mortality variations by administrative division in Minahasa, 1849-1872	299
18	Extreme weather, food shortages and disease in Gorontalo, 1820-1869	321

19	Extreme weather, epidemic disease, food production and mortality in Minahasa, 1849-1872	332
20	Reported fertility and child survival rates among four Pamona subgroups in the Poso area, 1924	371
21	Reported fertility and child survival rates among four ethnic groups in the Poso area, 1902	374
22	Reported sex ratios in the child population, Minahasa and Gorontalo, 1823-1870	376
23	Long-term mean population estimates by subregion, 1600-1930	405
24	Approximate average population density, selected subregions, 1850-1930	408
25	Mean annual precipitation and interannual rainfall variation at 16 locations in northern Sulawesi	418
26	Reported dimensions of Lake Limboto, 1682-1993	492
27	Swidden cycle data, Minahasa, 1821-1901	501
28	Reported extent of irrigation in northern Sulawesi, 1926	517
29	Swidden cycle data for areas outside Minahasa, 1825-1949	518
30	Expansion of irrigation in Minahasa, 1860-1920	526
31	Reported livestock numbers, Minahasa, 1850-1920	538
32	Reported livestock numbers, Gorontalo, 1860-1930	541
33	Approximate copra exports (tonnes) by subregion, 1939	548
