

PREFACE

This work has been a co-operative enterprise from start to finish, and we regard ourselves as jointly responsible for it. Mrs drs E. G. E. van der Wall read part of it in manuscript and gave us valuable advice. The Rev. J. van der Haar put us on the track of more than one rare item. Mrs drs T. C. C. M. Heesterman-Visser typed the manuscript with care and accuracy. We wish to thank them, and others, for their assistance and encouragement. We are especially grateful to the Sir Thomas Browne Institute of the University of Leiden for its readiness to accept this work for its series of publications, and to the 'Netherlands Organization for the Advancement of Pure Research' (Z.W.O.) for a generous grant to this end.

Where passages from Dutch works or letters appear in English, the translation is ours. In book-titles we follow the current English system for English titles, the current Dutch system for Dutch.
