# CONTENTS

Acknowledgments	VII
Introduction	IX
<b>1 The Satellite Broadcast Policy Issue in the United Nations</b>	<b>1</b>
International Cooperation and Direct Satellite Broadcasting	1
Statement of the Problem	2
The Technology of Satellite Communications	4
The Development of Communications Satellites	5
The Evolution of Direct Broadcast Satellites	7
Major Types of Satellite Services	10
The Issue of Direct Broadcast Satellites in the United Nations	11
International Organizations	11
<b>2 The International Environment of Direct Broadcast Satellites</b>	<b>13</b>
Direct Broadcast Satellites: Expectation and Concern	13
Philosophy of the United Nations on Outer Space	14
The United Nations: A Political Institution	16
The Role of the United Nations in Direct Satellite Broadcasts	17
The Focal Point for International Discussion: COPUOS	18
An Evolving Space Law	25
International Telecommunications Law	26
The United Nations Educational, Scientific and Cultural Organization	29
Early Discussions of Direct Broadcast Satellites	30
The Working Group on Direct Broadcast Satellites	33
	XIII

<b>3 The Process of Problem Definition</b>	<b>34</b>
The Fundamental Conflict	35
Mandate of the First Working Group Session	37
Organization of the session	38
Determining the technological feasibility of satellites for direct broadcasting	38
Economic considerations of broadcast satellites	39
Time estimate of expected development of satellite broadcasting	41
Importance of the International Telecommunication Union	42
A case for regulation	43
International cooperation	43
Summary	44
The Working Group at the Second Session	44
Potential benefits of direct broadcast satellites	45
International regulation of direct broadcast satellites	45
Early positions of nations regarding international regulation of direct satellite broadcasting	46
Fears of the developing countries regarding satellite broadcasting	48
Legal considerations	50
Technical considerations	55
Program content	58
International cooperation	60
Summary	63
The Working Group at the Third Session	64
Mandate of the Working Group	64
Organization of the session	65
Consensus as to the need for regulation	65
The 1970 Soviet proposal	66
Some international reactions to regulation of direct satellite broadcasting	67
The difficult problem: program content	70
The French "Code of Good Conduct"	71
The Japanese code	73
Regional systems: Canada and Sweden	74
International cooperation	77
Summary	78

<b>4 Legislative Initiatives for Regulation of Direct Broadcast Satellites</b>	<b>79</b>
The World Administrative Radio Conference for Space Telecommunications of the International Telecommunication Union	80
New directions for the broadcast-satellite system	80
Evolution of the broadcast satellite service	81
Technical decisions for a new service: 1971 WARC-ST	83
Definitions of the broadcast satellite service	86
Solutions to direct broadcast satellite problems	87
Spill-over	87
Equal rights of States to the frequency spectrum and the geostationary orbit	90
World and regional planning conferences	91
Interim coordination procedures	93
Summary	94
The Initiative of the Union of Soviet Socialist Republics with Regard to Direct Television Broadcasting	95
History of Soviet thinking on direct broadcast satellites	95
The 1972 Soviet convention	97
Soviet initiatives	101
The Soviet Convention in the United Nations	104
The 1972 fall debates of the Soviet Convention	105
The time-scale of direct broadcast satellites	108
National sovereignty versus free flow of information	109
Equal access	111
The action upon the Soviet Resolution	112
The action in the General Assembly	115
Summary	116
The Initiative of the United Nations Educational, Scientific and Cultural Organization with Regard to Direct Satellite Broadcasting	117
Background of the UNESCO Declaration	117
The main conflict in UNESCO	124
The indecisive nature of the UNESCO action	130
The legal status of UNESCO	130

A much-revised final text	132
The vote of adoption of the UNESCO Declaration	132
The UNESCO Declaration	133
Summary	136
<b>5 A Focus on Future Principles: the Fourth Working Group</b>	<b>138</b>
The Working Group at the Fourth Session	138
The Working Group mandate: a procedural question	139
Analyzing technical and economic assumptions	140
The time element reevaluated	141
The cost factor	142
Community broadcast satellites	144
Operational assumptions	144
Analyzing legal and political assumptions	147
The Canadian–Swedish proposal	148
The impasse: “prior consent”	150
The Soviet draft Convention	153
The UNESCO Declaration	154
The sovereignty of States and the free flow of information	155
Equal access	155
The legal protection of the broadcast signal	156
Emerging viewpoints regarding the elaboration of principles	156
Summary	157
<b>6 The Formalization of a Global Regime</b>	<b>158</b>
Mandate of the Working Group	158
New membership	159
Organization of the session	159
Draft proposal of the United States	161
Draft proposal of the Soviet Union	164
The main debate	168
Technical and economic considerations	176
The draft principles	178
The Legal Sub-Committee at its thirteenth session	180
The Legal Sub-Committee at its fourteenth session	181
The Canadian–Swedish working paper	182
Argentina’s draft international convention	184
The debates	186

Further activity concerning direct broadcast satellites in the First Committee	190
The Legal Sub-Committee at its fifteenth session	196
Summary	197
<b>7 Conclusions</b>	198
Emerging Direct Broadcast Satellite Systems	202
The WARC-BS 1977	211
The Legal Sub-Committee at Its Sixteenth Session	213
The Committee on the Peaceful Uses of Outer Space at Its Twentieth Session	217
The Future of Direct Broadcast Satellites	221
<b>Appendices</b>	227
1. The Soviet Draft Convention of 1972	229
2. The UNESCO Declaration of 1972	236
3. Proposed Principles to Govern Direct Broadcasts From Communications Satellites by the Delegation of France	241
4. The Canadian-Swedish Proposal to the Fourth Session of the Working Group on Direct Broadcast Satellites	245
5. The Proposal of the United States of America to the Fifth Session of the Working Group on Direct Broadcast Satellites	250
6. The Proposal of the Union of Soviet Socialist Republics to the Fifth Session of the Working Group on Direct Broadcast Satellites	253
7. Working Paper Presented by the Delegation of Argentina on Direct Broadcast Satellites to the Fifth Session of the Working Group on Direct Broadcast Satellites	257
8. Draft Principles Governing Direct Television Broadcasting by Satellites Elaborated in the Fifth Session of the Working Group on Direct Broadcast Satellites	265
9. Draft Principles on Direct Broadcast Satellites in the Committee on the Peaceful Uses of Outer Space, 1977	280
Notes	287
