## Acknowledgements

This book would not have been possible without the generosity of the Maimonides Centre for Advanced Studies at the University of Hamburg and the John Templeton Foundation, which funded me at different stages of my work.

I would like to acknowledge the contribution of my supervisors, Professors Carlos Fraenkel and Lawrence Kaplan, whose expertise was essential to the success of this project. I am particularly grateful for their patience and encouragement during the challenging phases of this work. I am also deeply indebted to Professor Yujin Nagasawa, whose unwavering moral and academic support was vital to bringing this project to fruition.
