## Preface

This volume results from the conference *Brokenness, Sin and Grace in Human Formation and Education*, held on August 25–27, 2021, in the Netherlands. This conference was organized by Roel Kuiper and Bram de Muynck, holding chairs in education at the Theological Universities of Kampen|Utrecht and Apeldoorn, respectively, and the editors of this publication. All the keynote lectures and some of the papers presented in smaller sessions have been selected for publication in this book. The chapters have been edited and rewritten to create and strengthen the interdisciplinary character and coherence of the contributions. We thank the authors for their cooperation and their patience, as well as Wietse Lamberink for his assistance in the strenuous task of compiling this book.
