

ACKNOWLEDGEMENTS

The articles included in this volume developed from papers given at the conference *Formale Erkenntnissteuerung im Buchdruck der Frühen Neuzeit/ Cognition and the Book. Typologies of Formal Organisation of Knowledge in the Printed Book of the Early Modern Period*, which took place on September 25th–28th at the Freie Universität Berlin. The editors would like to thank a number of people. In the first place they express their gratitude to the president of the FU Berlin, Prof. Dr. Dieter Lenzen, for his generous financial support. Without his aid this conference could not have been organised. Furthermore they thank Jörg Jungmayr, Thomas Rahn, Gabriele Kassar, Constanze Drumm and Diana Tettling who took care of the practical aspects of the conference, and Karoline Hoefer and Diana Tettling as well, for the typesetting of the manuscripts. Last but not least we would like to express our thanks to all colleagues who with their groundbreaking papers and inspiring discussions contributed to a first understanding of an intriguing topic.
