- (I) I am the German Fuehrer but very often I feel dead tired. Lately I can't make up my mind when it comes to important decisions.
- (II) Public speeches now prey on my nerves, my self-confidence is failing me. The audience is falling off.
- (III) Till my friend Herman in his straightforward way told me that in a state like that I was not exactly helping to win the war. He talked of night starvation, named a famous professor I was to see.
- (IV) 'What all men need, mein Fuehrer, is First Group Sleep', the professor said, 'there are three Sleep groups, you unfortunately belong to the third. What you want is Horlicks, but you can't get it now - it's made in cursed England, you know.'
- (V) In order to get Horlicks the Fuehrer at last orders the Invasion of England - -
- (VI) - But there is also a Fourth Group Sleep the Fuehrer was not told about!
