FOREWORD

On behalf of the Board of the Aegean Institute of the Law of the Sea and Maritime Law, I would like to express my appreciation for the fulfillment of the project which resulted in the present publication.

The Board of the Aegean Institute wishes to underline that the issues of the law of the sea are of particular and vivid interest to our region. To this end it has undertaken a series of initiatives, both on the research and the educational level, for the dissemination of the new legal regime introduced by the U.N. Convention on the Law of the Sea.

The Board wishes to express its appreciation to the editor of its volume, Prof. Th. Kariotis, as well as to the Director of the Aegean Institute, Dr. N. Skourtos, for their efforts to complete the overall project.

*Prof. Krateros Ioannou
Member of the Board of the
Aegean Institute*
