

List of the Maps

I. HISTORICAL ASPECTS

1. Portugal–Spain: The Bull Inter Caetera (1493), the Treaty of Tordesillas (1494), the Treaty of Zaragoza (1529)
2. England: The King's Chambers (1604)
3. Hawaii: Waters between Islands (1854)
4. Chile–Ecuador–Peru: The Maritime Zone (1952)

II. COASTAL ZONES IN GENERAL

5. Coastal Zones According to the 1958 Geneva Conventions
6. Coastal Zones According to the 1982 U.N. Convention
7. Enclosed or Semi-enclosed Seas
8. Routes of Navigation in the Mediterranean
9. Coastal Waters in Antarctica

III. INTERNAL WATERS

10. Normal Baseline
11. Reefs: Islands Having Fringing Reefs
12. Reefs: Islands Situated on Atolls
13. Reefs: United Kingdom (Bermuda)
14. Deep Indentations, Fringes of Islands: General Direction of the Coast
15. Deep Indentations, Fringes of Islands: Norway
16. Deep Indentations, Fringes of Islands: Yugoslavia
17. Deep Indentations, Fringes of Islands: Iceland
18. Deep Indentations, Fringes of Islands: United Kingdom
19. Deep Indentations, Fringes of Islands: United Kingdom (Falkland)
20. Deep Indentations, Fringes of Islands: United Kingdom (South Georgia)
21. Deep Indentations, Fringes of Islands: United Kingdom (Turks and Caicos)
22. Deep Indentations, Fringes of Islands: Italy
23. Deep Indentations, Fringes of Islands: Malta
24. Deep Indentations, Fringes of Islands: Australia
25. Deep Indentations, Fringes of Islands: Soviet Union
26. Deep Indentations, Fringes of Islands: Canada
27. Deep Indentations, Fringes of Islands: Egypt
28. Deep Indentations, Fringes of Islands: Tunisia
29. Deep Indentations, Fringes of Islands: France
30. Highly Unstable Coastlines: Bangladesh
31. Mouths of Rivers: Argentina–Uruguay (Rio de la Plata)
32. Bays: Conditions
33. Bays: Multi-Mouth Bays
34. Bays: Multi-Mouth Bays, Tunisia (Tunis)
35. Bays: Natural Entrance Points

36. Bays: Closing Line within the Bay
37. Historic Bays: United States (Chesapeake, Delaware)
38. Historic Bays: Panama (Panama)
39. Historic Bays: Soviet Union (Peter the Great)
40. Historic Bays: Libya (Sidra ot Surt or Syrtes)
41. Historic Bays: Italy (Taranto)
42. Multi-state Historic Bays: El Salvador–Honduras–Nicaragua (Fonseca)
43. Harbour Works: United States (Galveston)
44. Harbour Works: Egypt (Port Said)
45. Harbour Works: Italy (Ortona)
46. Archipelagic Baselines
47. Archipelagic Baselines: Philippines
48. Archipelagic Baselines: Indonesia
49. Archipelagic Baselines: Cape Verde
50. Archipelagic Baselines: the Solomon Islands
51. Archipelagic Baselines: Fiji
52. Archipelagic Baselines: Vanuatu
53. Archipelagic Baselines: Sao Tome and Principe
54. Archipelagic Baselines: Trinidad and Tobago
55. Charts Showing Straight Baselines

IV. TERRITORIAL SEA

56. Outer Limit of the Territorial Sea: Tracé Parallèle or Arcs of Circles
57. Outer Limit of the Territorial Sea: Drawing of Arcs of Circle
58. Outer Limit of the Territorial Sea: Italy
59. Outer Limit of the Territorial Sea: Germany
60. Roadsteads
61. Low-tide Elevations
62. Straits: Morocco–Spain–United Kingdom (Gibraltar)
63. Straits: Italy (Messina)
64. Straits: Argentina–Chile (Magellan)

V. OTHER COASTAL ZONES

65. Contiguous and Archaeological Zone: France
66. Exclusive Economic Zone
67. Fishing Zone: Malta, Tunisia
68. Sanctuary for Marine Mammals: France, Italy, Monaco
69. Presential Sea: Chile

VI. CONTINENTAL SHELF

70. Isostasy
71. The Plate Tectonics Theory
72. Juridical Definitions of the Continental Shelf

73. Geological Concept of Continental Margin
74. Geological Cross Section through South America
75. The Continental Margin of Antarctica
76. Outer Limit of the Continental Shelf: Determination of the Outer Edge of the Continental Margin
77. Outer Limit of the Continental Shelf: Determination of the Foot of the Slope
78. Outer Limit of the Continental Shelf: Determination of the Thickness of Sedimentary Rocks
79. Outer Limit of the Continental Shelf: Maximum Extension
80. Outer Limit of the Continental Shelf: Submarine Ridges
81. Outer Limit of the Continental Shelf: Straight Lines
82. Outer Limit of the Continental Shelf: A Diagram
83. Extension of the Continental Margin

VII. HIGH SEAS AND SEA-BED BEYOND THE LIMITS OF NATIONAL JURISDICTION

84. Straddling Stocks
85. Highly Migratory Species
86. Conservation of Antarctic Marine Living Resources
87. Prohibition of Driftnets
88. Areas of Favourable Prospects for Polymetallic Nodules Exploitation
89. Pioneer Investors: Pacific Ocean
90. Pioneer Investors: Indian Ocean

VIII. DELIMITATION OF THE TERRITORIAL SEA

91. Norway–Sweden
92. Equidistance Line between Opposite States
93. Equidistance Line between Adjacent States
94. Canada–France (Saint-Pierre-et-Miquelon)
95. Italy–Yugoslavia
96. France–Italy (Strait of Bonifacio)

IX. DELIMITATION OF THE CONTINENTAL SHELF AND EXCLUSIVE ECONOMIC ZONE

97. United Kingdom (Trinidad and Tobago)–Venezuela
98. Chile–Peru
99. Italy–Yugoslavia
100. Italy–Tunisia
101. Italy–Spain
102. Greece–Italy
103. France–Monaco
104. Argentina–Chile
105. Australia–Indonesia (Timor Gap)
106. Soviet Union–United States
107. Albania–Italy

- 108. Distorting Effects of Equidistance
- 109. Denmark–Germany–Netherlands
- 110. France–United Kingdom
- 111. Libya–Tunisia
- 112. Canada–United States (Gulf of Maine)
- 113. Guinea–Guinea-Bissau
- 114. Libya–Malta (Judgment)
- 115. Libya–Malta (Agreement)
- 116. Guinea-Bissau–Senegal
- 117. Canada–France (Saint-Pierre-et-Miquelon)
- 118. Denmark–Norway (Jan Mayen)

X. GEODETIC AND CARTOGRAPHIC ASPECTS

- 119. Cartographic Projections
- 120. Loxodromic and Geodetic Lines on Mercator Projection
- 121. Comparison between Graphic and Analytic Construction of an Equidistance Line
- 122. Major Geodetic Systems
- 123. A Regional Geodetic Datum: ED 50
