

## Scope

*Ecclesiology* (ECSCO) is an international, ecumenical and fully peer-reviewed theological journal. It is designed to meet the growing demand for theological resources in the area of ecclesiology – the scholarly study of the nature and the purpose of the Christian Church. The Journal also features articles exploring wider issues in ecclesiology including those to do with the identity of the Christian Church and the place of ecclesiology within Christian theology. The main focus of the Journal is on the mission, ministry and unity of the Church.

## Ethical and Legal Conditions

The publication of a manuscript in a peer-reviewed work is expected to follow standards of ethical behavior for all parties involved in the act of publishing: authors, editors, and reviewers. Authors, editors, and reviewers should thoroughly acquaint themselves with Brill's publication ethics, which may be downloaded here: [brill.com/page/ethics/publication-ethics-cope-compliance](http://brill.com/page/ethics/publication-ethics-cope-compliance).

## Online Submission

ECSCO uses online submission only. Authors should submit their manuscript online via the Editorial Manager (EM) online submission system at: [editorialmanager.com/ecso](http://editorialmanager.com/ecso).

First-time users of EM need to register first. Go to the website and click on the "Register Now" link in the login menu. Enter the information requested.

During registration, you can fill in your username and password. If you should forget this username and password, click on the "send login details" link in the login section, and enter your e-mail address exactly as you entered it when you registered. Your access codes will then be e-mailed to you. Prior to submission, authors are encouraged to read the "Instructions for Authors." When submitting via the website, you will be guided stepwise through the creation and uploading of the various files.

A revised document is uploaded the same way as the initial submission. The system automatically generates an electronic (PDF) proof, which is then used for reviewing purposes. All correspondence, including the editor's request for revision and final decision, is sent by e-mail.

### *Double-blind Peer Review*

ECSCO uses a double-blind peer review system, which means that manuscript author(s) do not know who the reviewers are, and that reviewers do not know the names of the author(s).

When you submit your article via Editorial Manager, you will be asked to submit a separate title page that includes the full title of the manuscript, the names and complete contact details of all authors, the abstract, keywords, and any acknowledgement texts. This file will not be accessible to the referees. All other files (manuscript, figures, tables, etc.) should not contain any

## **Publication**

#### *Proofs*

Upon acceptance, a PDF of the article proofs will be sent to authors by e-mail to check carefully for factual and typographic errors. Authors are responsible for checking these proofs and are strongly urged to make use of the Comment & Markup toolbar to note their corrections directly on the proofs. At this stage in the production process only minor corrections are allowed. Alterations to the original manuscript at this stage will result in considerable delay in publication and, therefore, are not accepted unless charged to the author. Proofs should be returned promptly.

#### *Author Fulfilment*

A link to the landing page of the published article on [brill.com](http://brill.com) will be supplied by the publisher. Here, the author can read the full-text version in html and download as PDF free of charge and for personal use. Brill is a RoMEO yellow publisher. The Author retains the right to self-archive the submitted (pre-peer-review) version of the article at any time. The submitted version of an article is the author's version that has not been peer-reviewed, nor had any value added to it by Brill (such as formatting or copy editing). The Author retains the right to self-archive the accepted (peer-reviewed) version after an embargo period of 12 months. The accepted version means the version which has been accepted for publication and contains all revisions made after peer

## **License to Publish**

### *Publication Agreement*

By submitting a manuscript, the author agrees to enter into a publication agreement if and when the article is accepted for publication. For that purpose, the author needs to sign the License to Publish form, which will be sent with the first proofs of the manuscript.

### *Open Access*

Should the author wish to publish the article in Open Access he/she can choose the Brill Open option. This allows for non-exclusive Open Access publication under a Creative Commons license in exchange for an Article Publication Charge (APC), upon signing a special Brill Open Consent to Publish Form.

More information on Brill Open can be found on [brill.com/openaccess](https://brill.com/openaccess).
